

# A SYNOPSIS OF DERMATOLOGY.

COMPILED BY F. M. BLODGETT, M. D., BOSTON.  
FOR THE USE OF PHYSICIANS AND STUDENTS.

Copyright, 1876. JAMES CAMPBELL.

Rockwell & Churchill, Printers, 20 Arch Street, Boston.

## HEBRA'S PATHOLOGY.

CLASS.	VARIETIES.	CLASS.	VARIETIES.
I.	Diseases of the skin, which arise from the presence of an excess of blood in the capillary vessels of the cutis.	VI.	<b>PIGMENT.</b> LENTIGO. CHLOASMA. MELASMA.
Hyperæmiae,			
II.	Morbid appearances of the skin, caused by deficiency of blood in the cutaneous capillaries.		<b>KERATOSES.</b> TYLOMA. ICHTHYOSIS. VERRUCA. CORNU. CONDYLOMA. HIRSUTIES. SCLERODERMA. ELEPHANTIASIS-ARABUM.
Anæmiae,		Hypertrophies,	
III.	<b>SEBACEOUS GLANDS.</b> SEBORRHŒA. XERODERMA. MOLLUSCUM-CONTAGIOSUM. MILLIUM. COMEDO.	VII.	LEUCODERMA. MACULÆ-ATROPHICÆ. ALOPECIA. ATROPHY OF NAILS.
Disorders of the Glands,	<b>SWEAT GLANDS.</b> HYPERIDROSIS. BROMIDROSIS.	VIII.	KELOID. HYPERTROPHIED-SCARS. MOLLUSCUM-FIBROSUM. XANTHOMA. NÆVUS-VASCULARIS. VARIX. LUPUS-ERYTHEMATOSUS. LUPUS-VULGARIS. SCROFULODERMA.
IV.	VARICELLA. MEASLES. SCARLATINA. ERYTHEMA-EXUD. MULT. ERYTHEMA-NODOSUM. URTICARIA. DERMATITIS-VEHENATA. DERMATITIS-CALORICA. DERMATITIS-TRAUMATIC. DERMATITIS-ERYTHEMA. DERMATITIS-PHLEGMON. HERPES. PEMPHIGUS. PSORIASIS. ECZEMA. SCABIES. ACNE. IMPETIGO. ECTHYMA.	IX.	LEPROSY. EPITHELIOMA.
Exudative Diseases,		X.	ULCERS NON-SYPHILITIC.
V.	PURPURA.	XI.	<b>VEGETABLE.</b> TINEA-TONSURANS. TINEA-VERSICOLOR. TINEA-FAVOSA. <b>ANIMAL.</b> PHITHEIRIASIS-CAPITIS. PHITHEIRIASIS-CORPORIS. PHITHEIRIASIS-PUBIS.
Hæmorrhages,		XII.	PRURITUS. HYPERÆSTHESIA.

## PIFFARD'S ETIOLOGY.

GROUP.	CLASS.	VARIETY.
		ERYTHEMATOUS. PAPULAR. TUBERCULAR. VESICULAR. BULLOUS. PUSTULAR. SQUAMOUS.
I.	SYPHILIDES.	
Diathetic Affections,	SCROFULIDES.	ERYTHEMATOUS. CORNEOUS. PUSTULAR. TUBERCULAR. PHLEGMONOUS.
	RHEUMIDES.	ECZEMA. PSORIASIS. PITYRIASIS.
	LEPROSY.	TUBERCULAR. ANÆSTHETIC.
	ICHTHYOSIS.	
GROUP.	CLASS.	
II.	ERUPTIVE FEVERS.	ERYSIPELAS.
Non-Diathetic Affections,	SCORBUTUS.	GLANDERS.
	MALIGNANT PUSTULE.	
III.	ACNE.	ROSACEA.
Reflex Affections,	URTICARIA.	ZOSTER.
	CHLOASMATA.	XANTHOMA.
	HERPES.	(LABIALIS, PREPUTIALIS, &c.)
IV.	SCABIES.	PHITHEIRIASIS.
Local Affections,	FAVUS.	TRICHOPHYTOSIS.
	PHYTOSIS-VERSICOLOR.	ALOPECIA-AREATA.
	IMPETIGO-CONTAGIOSA.	
	<b>NON-PARASITIC.</b>	
	INTERTRIGO.	NÆVUS.
	FURUNCLES.	VERRUCÆ.
V.	ERYTHEMATA.	KELOID.
Affections of Nature,	PEMPHIGUS.	MOLLUSCUM-CONTAG.
	PRURIGO.	MOLLUSCUM-FIBRO.
	SCLERODERMA.	ELEPHANTIASIS. AR.
	SCLERIASIS.	LICHEN-PLANUS.
	STROPHULUS.	LICHEN-RUBER.
	VITILIGO.	LICHEN-SCROFULO.
	PURPURA.	

## PROF. WHITE'S CLINIC, MASS. GENERAL HOSPITAL.

RATIO IN 5,000 CASES.
ABSCCESS. 6
ACNE. 348
AMBUSTIO. (Burns) (Scalds) 7
ALOPECIA-AREATA. 17
ALOPECIA. (Baldness) 13
BROMIDROSIS. (Fetid Sweat) 1
CHLOASMA. (Discoloration) 16
COMEDO. (Black Heads) (Grubs) 3
CONDYLOMA. 2
CORNU-CUTANEUM. 1
DERMATITIS. 34
ECTHYMA. 55
ECZEMA. 2242
EPITHELIOMA. 25
ERYSIPELAS. 52
ERYTHEMA-EX. MULT. 73
ELEPHANTIASIS-ARABUM. 5
ERYTHEMA NODOSUM. 8
FOLLICULITIS (Heat). 12
FURUNCULOSIS. (Boils) 65
HERPES. 28
HERPES-ZOSTER. 73
HIRSUTIES. (Hair Growths) 1
HYPERÆSTHESIA. 2
HYPERIDROSIS. (Excess Sweat) 5
HYPERTROPHIED-SCARS. 3
ICHTHYOSIS. 5
IMPETIGO. 19
KELOID. (Mole) (Stain) 11
LENTIGO. (Freckles) 1
LEPROSY. 1
LEUCODERMA. (Deficient Pigment) 1
LUPUS. 11
LUPUS-ERYTHEMATOSUS. 6
MACULÆ-ATROPHICÆ. 1
MELASMA. (Pigment Deposit) 1
MILIUM. (White Spots of Seb. Glands) 3
MOLLUSCUM-CONTAG. 9
MOLLUSCUM-FIBROSUM. 2
MORBILLI. (Measles) 1
MUSQUITO-POISONING. 53
NAILS, DISEASES OF. 5
NÆVUS-VASCULARIS. 18
PEMPHIGUS. 15
PERINO. (Chilblain) (Frost Bites) 7
PHITHEIRIASIS-CAPITIS. (Louse) 216
PHITHEIRIASIS-CORPORIS. " 48
PHITHEIRIASIS-PUBIS. " 7
PRURITUS. (To Itch) 50.
PSORIASIS. (Itch) 152
PURPURA. (Purple Skin) 19
RHUS-POISONING. 20
SCABIES. (Itch) 139
SCARLATINA. 1
SCLERODERMA. (Hard Skin) 4
SCROFULODERMA. 27
SEBACEOUS-CYST. 2
SEBORRHŒA. 55
SYPHILODERMA. 327
TINEA-FAVOSA. 17
TINEA-TONSURANS. 180
TINEA-VERSICOLOR. 81
TYLOMA. (Callosities) 2
ULCER. 309
URTICARIA. (Nettle Rash) 132
VARICELLA. (Chicken Pox) 22
VARIX. (Varicose Veins) 2
VERRUCA. (Warts) 14
XERODERMA. (Scales) (Dry Skin) 13
XANTHOMA. (Yellow Skin) 2
IMPERFECT DIAGNOSIS. 108
5000

## DERMATIC ANATOMY.

PATHOLOGICAL LESIONS OF THE SKIN.	
<div>MACULES.</div> <div></div> <div>Are small circumscribed discolorations of the skin, attended with very slight or without any elevation of surface, and are dependent upon either congestion, hemorrhage, vascular dilation, or excess or absence of pigment.</div>	<div>MACULES.</div> <div>ANGINOMA. ERYTHEMA. ROSACEA. MOPHŒA. PELLAGRA. ROSEOLA. SCORBUTUS. SYPHILIS. CHLOASMA. EPHELIS. LEPROSY. NÆVUS. PURPURA. SCARLATINA. SCROFULA.</div>
<div>PAPULES.</div> <div></div> <div>Are small, solid elevations of the skin.</div>	<div>PAPULES.</div> <div>ACNE. LICHEN. RUBEOLA. STROPHULUS. VARIOLA. ECZEMA. PRURIGO. SCABIES. SYPHILIS.</div>
<div>TUBERCLES.</div> <div></div> <div>Are also solid elevations, but are larger than papules.</div>	<div>TUBERCLES.</div> <div>ACNE. MOLLUSCUM. SCROFULA. URTICARIA. KELOID. LEPROSY. SYPHILIS.</div>
<div>VESICLES.</div> <div></div> <div>Are elevations of the horny epidermis circumscribing small collections of serous or plasmic fluid, in which we usually find a few Leucocytes.</div>	<div>VESICLES.</div> <div>ECZEMA. HERPES. SUDAMINA. VARICELLA. SYPHILIS. IMPETIGO-CONTAG. SCABIES. VARIOLA. ZOSTER.</div>
<div>BULLÆ.</div> <div></div> <div>Are large vesicles.</div>	<div>BULLÆ.</div> <div>PEMPHIGUS. SYPHILIS. LEPROSY.</div>
<div>PUSTULES.</div> <div></div> <div>Are elevations of the epidermis by underlying pus.</div>	<div>PUSTULES.</div> <div>ACNE. FURUNCLES. ECZEMA. SYPHILIS. GLANDERS. ECHTHYMA. SCROFULA. VARIOLA.</div>
<div>SCALES.</div> <div></div> <div>Are collections of the cells of the stratum corneum, which have undergone more or less pathological alteration.</div>	<div>SCALES.</div> <div>ECZEMA. PSORIASIS. ICHTHYOSIS. TRICHOPHYTOSIS. PITYRIASIS. SYPHILIS. SCROFULA.</div>
<div>FISSURES.</div> <div></div> <div>Are linear solutions of continuity of varying depth and length.</div>	<div>FISSURES.</div> <div>ECZEMA. SYPHILIS. LEPROSY.</div>
<div>ULCERS.</div> <div></div> <div>Are solutions of continuity of varying depth, and whose outline may be circular, oval, or irregular.</div>	<div>ULCERS.</div> <div>INTERTRIGO. SYPHILIS. SCROFULA. TRAUMATISMS.</div>

## FROM TILBURY FOX.

SEAT OF DISEASE.
Scalp, { PARASITIC. KERION. ECZEMA. IMPETIGO. ALOPECIA. SEBACEOUS CYST. LEPRA.
Ears, { ECZEMA.
Forehead, { LEPRA. HERPES ZOSTER.
Near the Eye, { RODENT ULCER. CHROMIDROSIS. XANTHELASMA. MOLLUSCUM.
Face Generally, { ACNE. IMPETIGO-CONTAG. ERYSIPELAS. LICHEN. ERYTHEMA. SYPHILITIC-ERUPTIONS.
Nose, { LUPUS. ACNE-ROSACEA.
Cheeks, { LUPUS. ACNE-ROSACEA. MALIGNANT-PUSTULE.
Upper Lip, { IMPETIGO-SYCOSIFORME. HERPES-LABIALIS.
Lower Lip, { EPITHELIOMA.
Chin, { SYCOSIS.
Whiskers, { ACNE-SYCOSIFORME.
Angle of Mouth, { CONGENITAL-SYPHILIS.
Chest, { CHLOASMA. KELOID.
Under Clavicle, { SUDAMINA.
Outer and Posterior of Trunk, { PRURIGO. LICHEN.
Inner and Front Aspect of the Trunk, { ECZEMA. HERPES-ZOSTER.
Elbows and Knees, { LEPRA. PSORIASIS.
Scrotum, { ECZEMA. PSORIASIS. EPITHELIOMA.
Hair Follicles, { LICHEN. PITYRIASIS-PILARIS.
Sebaceous Glands, { LICHEN-SCROFULOSUS. LICHEN-RUBER.
Joints and Armpits, { ECZEMA-RUBRUM.
Front of Leg, { ERYTHEMA-NODOSUM. ECZEMA-RUBRUM.
Back of Hands, { LICHEN.
Palm of Hands, { SYPHILITIC-LEPRA. ERYTHEMA.
